Most of us are now aware of our **responsibility** towards the **environment** but, I must admit, during our **long, wet winter** I gave in to the **temptation** of the tumble-drier. However, each **load of washing** in a tumble-drier can **release** up to **2.6kg of carbon** into the atmosphere plus **increase** energy bills by more than **£70 per year!**

This spring **EcoForce** is launching a **new recycled** peg basket, pegs and **clothes line** which means a **double advantage** for the environment: **recycled plastic** and drying clothes **naturally** rather than using lots of **costly energy**. The 20 metre **Recycled**

**Clothes Line** has a break strength and each **Peg Basket** contains a 24 pack of **Recycled Clothes Pegs** made from a single piece of plastic and a **unique spring device** to make them stronger and more **energy-efficient** to produce.

We are so **impressed** with the products that we've teamed up with **EcoForce** and **Dishmatic** to offer **new members** joining **Parenting Without Tears** a goody bag worth **£15** – **just click the JOIN NOW button at the top left of this page**.

**What you'll get in your EcoForce goody bag:**

- New EcoForce Recycled Peg Basket (£2.99)
- New EcoForce Recycled Clothes Line (£1.99)
- EcoForce Recycled Clothes Pegs (£1.50)
- EcoForce Recycled Food Bag Grips (£1.49)
- EcoForce Recycled Sponges (99p), Scourers (99p) and Cloths (£1.19)
- Dishmatic Fillable Washing Up Brush (£1.19)
- Dishmatic Fillable Steel Scourer (£1.19)
- Dishmatic Refills (£1.49 pack of 3)

At **Parenting Without Tears** we are great fans of the **Dishmatic Fillable Washing-up Brush** – you just put the detergent into the handle – this **saves you money** as it only ever **dispenses** as much washing-up liquid as **necessary** and is **kind to your hands** as you don't have to **immerse** them in **water**.

As someone who **doesn't enjoy** housework I am always **looking** for ways to be **more efficient** with **less effort**. The **EcoForce multi-purpose cloths** definitely fit the bill. Used either **wet or dry** they make cleaning (almost!) a **joy!**

The **EcoForce** range of recycled products is available in **Sainsburys, Tesco and Morrisons**.

**EcoForce** and **Dishmatic** are made by **Easy-Do Products**.
